The new technologies division of the Formentera Council wishes to call attention to the recent purchase that will allow for the local small claims court to offer remote videoconferencing so islanders can take part in legal proceedings from their home. A similar system had fallen into disrepair after nine years of service.

Funding for the new, €3,188 system was provided by the Formentera Council. In November the Justice of the Peace—or Jutjat de la Pau—moved into new offices, at carrer Pla de Rei (120).
