

The Formentera Office of Youth is pleased to announce the February activities programme at the Casal de Joves.

Wednesday 2 February: The Casal's "Otaku" afternoon, with a space reserved for Japanese comics.

Friday 4 February: A gardening workshop where participants care for Casal plants and prepare this year's crop.

Friday 11 February: Surprise game! A childhood favourite.

Saturday 12 February: Valentine's Day workshop, with the spotlight on romantic love. Stir it up, approach it with caution, question it, tickle it and celebrate positive affective relationships.

Friday 18 February: Cooking workshop with our instructors Aisa and Dana.

Saturday 19 February: All-ages field day.

Friday 25 February: Intimate carnival celebration with mask-making for children 10 and up.

Saturday 26 February: Table tennis tournament. Prizes in this now-classic tournament include a pizza, headphones or a speaker. Great motivation to practise and have fun!

Other activities at the youth drop-in centre include table football, card games and film and documentary screenings. Vanessa Parellada, Councillor of Youth, encouraged local youth "to spend these February evenings with other young people and friends always accompanied by staff activity leaders". The councillor also highlighted the activity on romantic love, "because the prevention of unequal relationships is one of the cross-cutting axes of youth work".

The Casal de Joves is open Tuesday to Saturday from 4.00pm to 10.00pm. More info on social media: @casaldejovesformen. You can also contact us by email (casal@conselldeformentera.cat) or by phone (607.142.846).
