

Today at noon Formentera Council president Jaume Ferrer offered a token of thanks to Athletic Club chief Josu Urrutia for the team's visit to the island. The team will go up against Formentera's football squad, SD Formentera, this afternoon as part of the King's Cup. The tin piece bears iconic local sites like a lighthouse, church, fig tree, cactus and Es Vedrà as seen from Formentera, along with an engraving on a wooden base that reads “From the island of Formentera to Athletic Club. Formentera Council. October 25, 2017”. Local craftworker Sandra Tarrago was commissioned to make the piece, which will take its place today among other items in the Basque club's collection.

The heads of SD Formentera and the Balearic Islands' federation of football teams, Xicu Ferrer and Vicent Bufí, also presented Urrutia with a commemorative plaque for his club. Later, both teams' management, Jaume Ferrer and CiF sports secretary Jordi Vidal sat down for a meal at Restaurant Es Caló.
