

Sol, María, Kiara, Mirela, Alba, Dina and Isa —seven participants in Imma Vidal’s course on street-dancing at the island’s youth drop-in centre, el Casal de Joves— have wrapped a video with Monica Timperi and Silvio Bandinelli, the two heads of Formentera Film.

Past workshop veterans Yerap Jiménez and Camilio Puerta directed the clip, and special thanks are in order for Pilar Aldea and Alben Albendea for producing.

Arturo Bandinelli will tend to editing duties, and the film itself will get its big-screen début on 1 May, at a special screening especially for the youth of Formentera Film 2021. Formentera Film is expected to happen 12 to 16 May. Details will be forthcoming.
